CLYDEBANK, Glasgow, Scotland, Sept. 26. — The Queen today christened the giant new Cunard White Star liner 534 the "Queen Mary," as the great ship started down the ways to the water.

The Queen Mary, it is believed, will be the new Queen of the Seas, still down successfully in a year's launching.

The choice of the name of a living queen for a christening was most unusual. Right up until the moment of the actual christening, the name of the ship was the "great ship's name" and the christening "Britannia" ruled a favorite.

Woman Axe-Wielder To Pay Penalty Of Death By Noose On December 12

Disregarding the dread ritual of the law as it demanded a life for a life, Dina Dranchuk worried only about the future of her two children when Mr. Justice Ewing sentenced her to be hanged at Fort Saskatchewan jail on December 12 next for the murder of her husband, Mike Dranchuk, whose body was found open with an axe as he lay asleep at his Elst Lake farm house in the St. Paul district, in the early hours of the morning of August 26 last.

The old Polish woman appeared to be the calmest woman in the crowded criminal court on Tuesday evening, when J. G. Bury, jury foreman, speaking hesitantly and with difficulty, announced that he, on the jury, had found her guilty of murder, with a strong recommendation for the death penalty.

Canadian Plans To Eradicate Menace of Kidnap Ransom

Attorney General of Ontario Lays Suggestion Before Enforcement and Crime Prevention Bodies of U.S.—Law's Reply to Challenge of Abductors Urged—Unified Police Control

NEW YORK, Sept. 26. — Hon Arthur Roebuck, attorney general of Ontario, today laid before enforcement and crime prevention authorities of the United States, a plan designed to eradicate the growing menace of kidnapping for ransom.

The law's reply to challenges from kidnapers, he declared, should be "certainty of apprehension, and make the business unprofitable."

This would be accomplished by making it illegal to pay a ransom and by widening all police authorities into a mobile unit which could be stretched out in any direction at sudden notice.

Mr. Roebuck, speaking at the New York Herald-Tribune conference on current problems of 1934, emphasized his opposition to what he called centralization of police authority, and the reorganization of our civil officials on the basis of a standing army.

He held of his plans to submit to the next session of the Ontario legislature measures designed to widen authority of this branch of the Ontario province.

He also told of his preparations to submit to the legislature a plan which would restrict the executive with power to supervise the bank accounts and other resources of relatives, friends and persons who they are subject to the pressure of such illegal demands, and the law's reply to challenges from kidnapers, he declared, should be "certainty of apprehension, and make the business unprofitable."

Mr. Roebuck agreed such measures might prove hardships to relatives of a kidnapped victim, but he expressed the conviction that if plotters knew in advance a ransom could not be paid and such payment would be prevented by law authorities, the motive would not have been hindered. It is not new that the state should seek individuals to bear hardship for the common good.

Sopwith Withdraws His Protest: America Cup Goes To Rainbow

By EDWARD J. NEHL Associated Press Writer

British Challenger Declares He Will Never Again Enter Competition—Gallant Bid for Trophy Ends Drably As Yachtsmen Quibble Over Fouls

NEWPORT, R. I., Sept. 26. — Britain's newest and perhaps most gallant bid for the famed America's Cup ended drably last night from the open seas where Tom Sopwith's challenger Endeavour and the snow white defender Rainbow fought bravely through six races.

Sopwith, so bitter he said he never again would challenge for the battered old mug, withdrew his protest of Rainbow's 55-second victory Tuesday—four straight for the defender after the blue-hulled Endeavour had won two races at the start of the series, equalling the best showing of any invader ever made in all the 83-year history of the international trophy.

His withdrawal of the second charge of foul he has made in the series automatically removed the necessity for hearings the race committee had ordered last night after Harold S. Vanderbilt broke out a few minutes after another sparring match at Tuesday's starting line.

Since Vanderbilt won the race anyway, there would be no sense in awarding it to him a second time to relive what he had done in his case.

This ended an international sporting incident that started here 10 days ago in beautiful accord, ran into one bump after another, and reached its first climax when the race committee refused to hear Sopwith's protest of Rainbow's victory Saturday.

The Englishman claimed Vanderbilt twice almost ran him down, and that he had to relinquish his rights to the right-of-way contrary to the rules or else play a feature role in two "collisions." The race committee, without considering the validity of the protests, allowed the claim to stand on the grounds that Sopwith had not flown his protest flag soon enough.

Since then all semblance of international amity has been lost, though the beautiful sloops kept up a brilliant race to the end. Vanderbilt's protest was upheld, but Sopwith's protesting was not.

DR. JACKSON TO LECTURE ON "HEALTH"

Noted Speaker to Address Meetings in Masonic Temple

Since it is of prime importance to the health of the nation, Dr. Robert G. Jackson, M.D., 38 years of age, will deliver lectures in the Masonic Temple on "Health" at 8 p.m. "Natural Health" will be the subject.

Dr. Jackson claims he has an example of what Nature will do for a man if given an opportunity. He claims that at 30 he was about to die from a combination of diseases. Through exertion of will power and the adoption of correct living habits he has become a vital man. He claims he is immune to disease and defies death to attack him. Even in the winter months he goes about without a vest or overcoat.

In proof of his excellent health, Dr. Jackson will give demonstrations of his youthful agility and strength which he declares all men should have if they are willing to follow natural health measures.

His program covers 12,000 miles and extends from Quebec to British Columbia in Canada and from New England to Florida, Washington to California in the United States. He will be delivered under the auspices of the National Life League, and Dr. Jackson plans to lecture in the British Isles next season.

New Board to Be Set Up
By President Awitted,
Staff Works On With
Codes, Routine Founded
By Johnson.

WASHINGTON, Sept. 26.—The Blue Eagle last night lost Hugh S. Johnson—factory, blunt-spoken administrator who for more than a year has struck sparks from the United States industrial structure.

In place of the one-man bossdom of its organizer, NRA available board control, breathing will be a broader management, but one lacking the dynamic personality of that former military man who since inception of the law had seemed to many to personify the industrial recovery drive.

The headquarters have been dominated to completely were dull and drab in his absence, but several of the day Johnson were busy on the every-day routine tasks of administering the more than 500 industrial codes of fair competition.

LEAVES MONUMENT
The new board is a monument to the vigor and energy of a 50-year-old retired army general. It was an unbroken job—succession of business into this code structure and Johnson did not leave until he had seen to it.

Just what President Roosevelt will have with this board, known in detail, this task will be a major one. Johnson, who has been in Washington since 1933, has indicated a three-way split of the NRA into three divisions: one for the general supervision of the industry, one for the enforcement of the law, and one for the administration of the law.

The new board is only temporary, a means of filling Johnson's place until congress has passed the law. Johnson is expected to retire in June 1935.

The new board is expected to be a wide split between Johnson and organized labor. Johnson was believed to have been in the process of withdrawal as administrator. His resignation was taken as a matter of course, and only recently after a reorganization of the NRA.

SEVERAL NEEDY FAMILIES ASK FOR CLOTHING

Appeals Being Made to
Salvation Army for
Assistance

A glance through the morning mail of Major Matt Junker, the Salvation Army's social officer in Edmonton, shows graphically the grim struggle with poverty which many families are waging in various parts of the province.

The first letter noticed is from a country school teacher who says that four of his pupils, whose ages range from seven to sixteen years, are notwithstanding the heavy frost still trying to attend school although having to walk barefooted. Inquiry has satisfied the teacher that the parents are unable to buy clothing and footwear, and the teacher earnestly appeals for some assistance for his pupils to avoid frost-bites.

INADEQUATE CLAD
A second letter is in behalf of a poor woman who has had to spend several months this summer in the city hospitals. In order to return to her home, she has had to buy new clothing, but the cost of the new clothing is so high that she is unable to buy it.

Another letter shows a quite large family practically devoid of clothing. The mother, who is a widow, has three children, two of whom are children and the mother has no money to buy clothing for any of them. The letter shows plainly that the family is in a very bad way.

Written Resignation, Effective Oct. 15, Accepted Last Night By Roosevelt; Future Still Uncertain.

HYDE PARK, N.Y., Sept. 26.—General Hugh Johnson last night received his resignation as administrator of the National Recovery Act. It was accepted by President Roosevelt.

The resignation came in the form of a letter to the President and was accepted by Mr. Roosevelt in another letter, which complimented General Johnson on his work.

It was made plain that Tuesday's resignation was far from the first time the NRA chief had been asked to quit. Several times before Johnson had submitted informal resignations, but they had not been accepted.

The recovery leader revealed his resignation in some manner that set up his job, pointing to pressing matters at home.

Council Fayed Due To Attitude On Resolutions

Support for Civic Government Association Voiced in Another Meeting: 100 Mill Rate This Year Charged.

Withholding of tax payments until after the annual meeting of the city council on November 14 was approved in a resolution passed at a taxpayers' meeting held at the Canadian Legion Memorial Hall Tuesday evening.

The meeting had been called to hear a report on representations made to the city council in regard to a series of resolutions passed at a similar gathering held at the New Empire theatre on August 27 and was featured by an attack on the city council for its attitude toward these resolutions.

The resolution was moved by Eric Boone, and was as follows: "Whereas at a meeting of taxpayers held on the New Empire theatre on August 27, 1934, a resolution was passed in favor of a 50 mill rate on the city council, and whereas a very unsatisfactory result was received, both the council and taxpayers contrasting their inability to meet the requests of the taxpayers, and

"Whereas a large number of citizens are in favor of an immediate tax strike, and

"Whereas we believe a temporary protest resistance is more desirable at the present time, therefore,

"Be it resolved that the taxpayers are asked to limit the said protest to the withholding of tax payments until after the civic meeting in November."

The meeting was also featured by the declaration by Chairman J. J. McCullum, asking for representations arising out of the August 27 meeting, resulting in a "disappointed and dissatisfied" reaction on the part of both council and school trustees.

Another resolution endorsed read: "That the committee be asked to continue and to co-operate with the Civic Government Association and other interested associations who are working for the election of more aldermen and school trustees in November."

(1)—A maximum of 50 mills on present assessments.

(2)—Refunding of indebtedness at lower rates of interest.

(3)—The payment of money without the consent of the persons who may be taxed.

(4)—The elimination of tax penalties and interest rate on delinquent taxes in place thereof.

MUCH DISCUSSION

Considerable discussion took place regarding both motions.

The Boone motion passed as an amendment to one introduced by F. Richardson Llewellyn, asking for a provincial-wide league of resistance to be formed, in effect, bring about a tax strike.

The motion of the meeting Mr. McCullum charged that the city had struck a mill rate of more than 100 mills rather than the 50 mills as stated in that it had borrowed \$100,000 more and had increased estimated from tax levy.

R. E. Tupper, K.C., called several minutes at the administration on a charge that it was spending \$300,000 more this year than last year, and that the economy should be the order of the day.

Making his report on what had happened when he was interviewed the city council to present the resolutions of the Aug. 27 meeting, Mr. McCullum stated that encouragement had been received. Council had fairly refused to endorse the resolution, asking that the financial situation should be investigated by a commission appointed by the government. But, a resolution had been passed, inviting Thomas Bradshaw to examine the existing situation, and a resolution rescinded at a meeting on Sept. 24.

REPORTS ON INTERVIEW

Dealing with the resolution calling upon the city to give taxpayers free call on works projects, council had replied this was the order of the day.

WEINSTEIN LEADS IN LACROSSE PLAYOFF

Defeats Winnipeg In Series Opener By Score Of 12-8

Eastern Squad Rallies in Late Period But Unable to Overcome Early Lead.

VANCOUVER, Sept. 26.—New Westminster Salmonbellies, British Columbia ice hockey champions, defeated Winnipeg, 12-8 here last night in the first of a two-out-of-three game series for the Western Canada title and the right to enter the Dominion final.

Winnipeg appeared nervous when they took the floor against the more experienced and highly-touted New Westminster squad and at half-time were trailing Salmonbellies with a six-goal deficit.

Continuing their furious attack in the second quarter the Salmonbellies, led by H. J. Sweeney, their high scoring forward, took the play away from their opponents but their rally came too late.

Salmonbellies went out for the third from the opening whistle and rattled in four markers to one for Winnipeg in the first quarter.

Winnipeg kept their defense tight and held the game close until the third quarter when they scored a single goal while they were out of the game.

The second game will be played at New Westminster Saturday night and the third, if necessary, at New Westminster, Sunday night.

CALIFORNIA
HAS THE OLDEST WEATHER
RECORDS OF ANY STATE -
...THE ANNUAL GROWTH
RINGS IN THE ANCIENT
SEQUOIA TREES.

BY noting the growth rings in fallen big trees of California, weather records can be read for thousands of years ago. Narrow growth rings denote dry seasons, while wide ones show years of moisture. These rings show that California had a much more moist climate 2000 years ago than it now has.
